REMARKS

In response to the election requirement in the Office Action of March 2, 2005, Applicant hereby elects without traverse the Group 2 directed to a driver circuit comprising a shift register, a buffer circuit, and an analog memory. Claims 7-18 read on the elected species.

The Official Action asserts that claim 1 is generic. However, Applicant believes that claim 1 is not generic since "a bootstrap circuit" of claim 1 is included in Species Group I and is not included in claims 7 and 10.

Claims 1, 7, 10, 13, 16, 19, and 22 has been amended to correct minor grammatical matters.

Examination on the merits is requested.

Respectfully submitted,

Eric J. Robinson
